Overview

AMCS Pay is a fully integrated, omnichannel payment solution designed specifically for the waste, recycling, and environmental services industries. It enables your customers to pay for services quickly, 24/7, with their preferred payment method – from customer self-service to accounts receivable.

It also offers the latest in payment technologies, with extensive features, security, fraud protection, and international compliance.

Core features + benefits

AMCS Pay brings a host of advantages and benefits to your payment acceptance processes.

Core features

- **Card processing:**
Accept card-not-present and in-person transactions
- **Bank account transfers (e.g. SEPA):** Fast, flexible electronic fund transfers
- **Digital payments:**
A new generation of digital and mobile payment methods accepted, such as Apple Pay and Google Pay
- **Multiple payment channels:**
PoS terminal, IVR, online, mobile, and Autopay with stored payment details

- **Seamless integration with AMCS Platform:**
One contract, one platform – no need for multiple vendors
- **Feature-rich and premium services:**
AMCS Pay has developed more integrated features in comparison to any other payment providers, and we will continue to support ongoing developments through our always-improving feature roadmap
- **Advanced reporting tools:**
AMCS Pay delivers enhanced reports and processes

Key benefits

- **Get paid faster:**
Customers can pay how and when they want – online or in-person, desktop or mobile
- **Reduced admin time:**
Automate payment workflows to cut down on manual processing and reconciliation
- **Lower processing costs:**
Streamline and consolidate payment systems to reduce transaction and volume fees
- **Enhanced security:**
Built-in fraud protection and simplified PCI compliance

- **Instant deployment:**
Works out-of-the-box with the AMCS Platform – no complex setup required
- Improves cash flow and customer satisfaction
- Supports your digital transformation journey
- Simplified onboarding and continuous support
